# ABOUT US

MediaTech Central Europe is a leading system integrator and distributor of audiovisual technologies. The company was established in 1994 and it has been a leader in the field of design, delivery and implementation of audiovisual technologies in Slovakia. MediaTech Central Europe provides its customers with comprehensive audiovisual solutions.

We design, deliver and combine the technologies of worldwide manufacturers into a functional solution. From design through installation to training and on-site support, MediaTech creates unique AV and IT solutions that meet specific client needs.

Our main goal in projects is designing such systems that are easy to use for the end user and at the same time meet the highest technical and functional parameters of AV systems.

# CERTIFICATES

The background is a dark blue gradient with a repeating pattern of white line-art icons representing various media and technology concepts: microphones, speakers, headphones, video cameras, and computer monitors. Overlaid on this is a large, abstract graphic consisting of multiple wavy, horizontal lines that flow from the left side towards the right. These lines are colored with a gradient, transitioning from bright orange and yellow on the left to deep blue and purple on the right. A single, thin white line also curves across the upper portion of the wavy lines.
