Logitech Tap Scheduler 2

Next-generation scheduling panel for meeting rooms

Light the way to an open space with Tap Scheduler 2. Brighter and more visible from afar, this purpose-built scheduling panel helps you maximize office utilization and boost team productivity. Tap Scheduler 2 helps your team find open rooms, view meeting details, and reserve the space. It's quick to install, with versatile mounting options included, and works with major space management platforms.

- **See it, book it:** Quickly find and reserve a space for your next meeting.
- **Pick your platform:** Bring your favorite scheduling app to the door.
- **Install with ease:** Installs effortlessly outside any space.
- **Maximize every space:** Make better use of all spaces, even non-video rooms, when paired with Logitech Spot.

See it, book it

Quickly find a room for your meeting with highly visible LED lights that provide room status at a glance. The vibrant touchscreen display wakes as you approach, allowing you to book the room immediately or reserve the space for a future meeting.

Pick your platform

Tap Scheduler 2 integrates with leading space management platforms, including Microsoft Teams, Zoom Workspace Reservation, Appspace, Logitech Room Booking, and more.

Install with ease

Easily install Tap Scheduler 2 outside any room with the included glass, mullion, or wall mounts. An optional angle mount can be used for lower or angled viewing. Easily deploy it with a single PoE cable connection that offers flexible routing options.*

*Angle mount and cable not included in the box.

Maximize every space

Make better use of all spaces, even non-video rooms. Pair Tap Scheduler 2 with presence detection from Logitech Spot to quickly see when spaces are in use, auto-release them when participants don't show, and get actionable insights to optimize space utilization.*

*Insights and auto-book and release require a service plan license.
